

## AGQTP ICT - ESP+I use this for your targeted staff and yourself as Project Leader

What was your project focus?

What did you do? (a brief summary)

Please bring along:

your Action Plan or outline of the Professional Learning Program that you developed  
samples of work, links to nings, wikis, blogs, look to learn or any other online tools and applications you have used etc to share with the group

Your discussion post should include responses to the following thinking prompts:

Experience	Struggles	Puzzles	+Insight
<p>What were some of the things you did that you felt were really helpful in changing your thinking or deepening your understanding about integrating ICT in your classroom and/or teaching practice?</p> <p>What were some of the things that you organized for your targeted staff that</p>	<p>What were some of the issues you struggled with or found challenging that you had to overcome?</p> <p>What did you do to overcome or lessen the impact of these?</p> <p><b>Are there some issues that remain unresolved?</b></p>	<p>What questions arose for you and your targeted staff as you worked through this Professional Learning Project?</p>	<p>What did you and your targeted staff learn about implementing ICT in the classroom and how it related to your beliefs about teaching and learning?</p> <p><b>Might any of the unresolved issues or questions issues be helpful in informing future directions and planning?</b></p>

<p>you/they found worthwhile in increasing their skills and improving classroom practice?</p> <p>What observations can you make about student learning as a result of changing classroom practice that included an increased in use of technology/web 2.0 applications?</p>	<p><b>What have been the things that have presented as struggles for your targeted staff?</b></p>		<p><b>What have you needed to do to support/assist your staff to overcome these issues?</b></p> <p><b>What do you think might be helpful to avoid encountering these same struggles in the future?</b></p>
